

Since TMSA 3 has emerged as the most requested topic over the last six months we are pleased to announce that a new TMSA 3 seminar is now scheduled to be delivered in our training facilities within **December 2017**.

Tanker Management and Self Assessment 3 (TMSA 3)

Our Seminars are conducted by experienced professionals, based on modern learning methodologies, such as reflective learning, interaction, group and pair work as well as case studies.

It is our aim to provide well established, highly informative training courses, which cover the needs of the demanding maritime industry with a pleasant and interactive way.

We are looking forward to welcome you in AMC Training Center.
